## PROFESSIONAL EXPERIENCE

### NOURISHED RX

*Data Analyst*

Remote  
August 2022 – Present

- Consistently delivered impactful, scalable, and efficient data solutions leveraging LookerStudio, Pandas and Power BI
- Maintained and created Cloud Functions and ETL pipelines for continuous data wrangling and GCP warehousing
- Built Python, SQL, and Java code for API configurations, database optimization, and AI learning models
- Wrote advanced SQL queries to create flattened views for reporting of nested FHIR healthcare data structures
- Utilized project management software Asana to organize tasks, track progress, and ensure on-time project completion
- Fostered effective communication on Slack, leading to achievement of sprint goals and objectives

### BIRDDOGS

*Product Intern*

New York City, NY  
June 2022 – August 2022

- Optimized demand projection and inventory management through the application of advanced time series forecasting
- Maximized ad efficiency by implementing pixel website tracking, resulting in a substantial reduction of the CPA
- Collaborated with cross-functional teams, communicating technical forecasting concepts to non-technical stakeholders

### DR. HOFFMAN, UNIVERSITY OF WASHINGTON

*Research Assistant*

Seattle, WA  
February 2019 – January 2021

- Performed research data collection with respect to confidentiality and ethical data collection guidelines
- Conducted statistical ANOVA analyses using SPSS and Minitab software applications
- Co-Authoring a published journal paper with 32 current academic citations

---

## LEADERSHIP

### CORNELL CLUB WATERPOLO

*Treasurer*

Ithaca, NY  
October 2020 – Present

- Won 2021 New York State championship game against Army at WestPoint
- Organized club and team funding for 2021 CWPA National Invitational Championship in Huntsville AL
- Solved transportation, accommodation, and logistical problems for a team of over 25 players

---
